

חברות המיוצגות ע"י חברת די.אס.די.איי

Data acquisition Telemetry and Tests

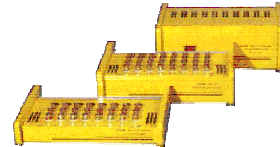

ACRA CONTROL www.acracontrol.com

Airborne Data Acquisition Systems for:
Analog, Discrete, Sensors (T/C, Acc, S/G, etc')
Busses (PCM, 1553 ARINC, RS422, etc')
Video, Audio, GPS
Solid State Recording

ESA www.esa-messtechnik.de

Ground based data acquisition and processing systems
Mechanical effects monitoring

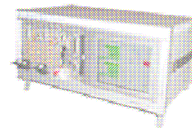

PRODERA www.prodera.com

Aircrafts ground test equipment for vibrations/ Shock/ Stress
Inertial shakers
Pyrotechnical Thrusters

REACH Technologies www.reachtest.com

High Speed Telemetry Interface boards up to 800Mbps per channel
Digital Data Recorder s/w application
Bit Error Rate Tester s/w application

Wyle laboratories www.wylelabs.com

Real Time Telemetry Processing Stations
Portable PCM decom units
High Speed Telemetry recording systems, 2Gbps throughput
